

Clean and groom to **PERFECTION!** Upgrade your SURF RAKE® with the

HYDRAULIC FINISHER ATTACHMENT

The grooming Finisher is attached to the rear of the SURF RAKE® to smooth the clean sand and eliminate tire marks left by the tractor and beach cleaner, creating a **perfectly groomed** finish on your beach.

The 8-½ foot wide, UV protected polyurethane Finisher is attached to the rear of the SURF RAKE® with corrosion resistant, hot dip galvanized and stainless steel connecting hardware. The SURF RAKE® finisher provides supreme value to any beach cleaning operation with appreciation from beach patrons to beach maintenance staff.

Beautiful,
Gorgeous,
PERFECT!

**The SURF RAKE®
Finisher will help
you create the
perfect beach.**
